[Helena Guye helps protect and maintain the value of clients' intellectual property.](#)

Helena focuses her practice on trademark, patent, copyright, and trade secret litigation and enforcement. Helena also goes beyond enforcement, advising clients on strategies to acquire and maintain their intellectual property assets, including trademark clearance, procurement, and prosecution. She has assisted in the enforcement and acquisition of both domestic and foreign trademark portfolios.

While attending law school, Helena worked as a Judicial Extern at the U.S. District Court for the Eastern District of Missouri, gaining valuable insights on courtroom procedures and the judicial decision-making process while assisting with trial preparation and proceedings. She broadened her legal experience further as a volunteer for the St. Louis Volunteer Lawyers and Accountants for the Arts.

Helena is an avid reader and movie buff. She also enjoys camping, hiking, and floating. Above all else, Helena loves spending time with friends, family, and her Miniature Bull Terrier, Pearl.
